This first book in the *Our Country* series takes readers on a journey across Australia to marvel at our unique geology and geography.

Our home is an ancient land.

In every corner of Australia, wonders are waiting for curious explorers.

With each vibrant fact-filled page of this unique book, readers will visit different natural wonders across all states and territories. See the prehistoric beasts that roamed the land in Winton, venture through the lava-formed caves at Undara, experience the fiery glow of Uluru and Kata Tjuta, and more!

Adventure is out there... Our country is calling.

Ouch: Tales of Gravity by Kate Simpson & Illustrated by Andy Hardiman

ISBN: 9781760526610 SCIS: 5384701

Isaac Newton was sitting under an apple tree when he got hit on the head by an apple.

People might tell you this is the moment gravity was first discovered, but the truth is people had been discovering gravity long before Isaac.

You might have even discovered it yourself ... Ouch!

Have you ever wondered how gravity works? Or what life would be like without gravity? Find out in this fun introduction to the idea that what goes up must come down!

STEM Is Everywhere: Weather or Climate? by John Lesley

ISBN: 9781925860894 SCIS: 5381693

In the final freeze of an Antarctic winter, green tails wave across a star-full sky, as if to farewell endless nights. If this world looks empty, look closer... Penguins trek across the ice to their winter homes. As the temperature warms, birds fly above on their long migrations. And with the advent of summer, beneath an iceberg, the sea is teeming with life. Ocean, sky, snow and ice - minute greens and giant blues - dance a delicate dance in this evocative portrayal of the life cycle of an iceberg.
